 **Friday 5 June 2020**  
4:00pm to 5:30pm

 **Also available on demand**

 **Free for all**

 **CPD accredited**

# About this webinar

**Tickets**

Free for all

In this webinar the Cardiology section will inform doctors on the up to date science relating to COVID-19 and how it may inform clinical management in the event of a further wave of the epidemic. To promote a better understanding of the current and future trials. To explore the challenges in repurposing and redeployment of clinical staff informed by the Nightingale Hospital, and to describe the unique features of the disease on the ITU.

- Best Practice in managing COVID-19 in cardiology and ITU
- Value of communication, planning and support in managing regional care
- Coordinating research in a short time scale and looking at what the future may hold

The Cardiac Section are pleased to host a webinar with 3 distinguished speakers. This unique collaboration will inform us on the challenges faced during this pandemic and the future directions.

This webinar will gather the best evidence to plan and prepare you for the next surge and the role you can play in future research.

## Agenda

**3:45am Webinar sign-in**

**4:00pm Welcome and introduction**

Dr Guy Lloyd, Clinical Director for Cardiac Investigations and Diagnostics, Barts Heart Centre and University College London Hospitals NHS Foundation Trust

**4:05am Repurposing cardiology to fight COVID-19: Lessons from the Nightingale**

Professor Richard Schilling, Deputy Clinical Director and President of BHRS, Nightingale Hospital

**4:20pm Corona: Current state of the research**

Professor James Moon, Research lead Nightingale Hospital, Past President BSCMR

**4:35pm Treating COVID cardiovascular complications on the ITU**

Professor Susanna Price, Consultant Cardiologist and Intensivist, President ESC Association for Acute Cardiovascular care

**4:50pm Panel discussion**

**5:25pm Closing remarks**

Dr Guy Lloyd
