DIGITAL LEARNING

Virtual Interactive Cardiology Conference 2021

University of Glasgow
Institute of Cardiovascular & Medical Sciences

The programme postponed from March 2020 has been updated to reflect the key contemporary challenging cardiovascular issues and will be delivered over four engaging evening webinars. For ease and convenience, the programme can be accessed live or on-demand for up to three weeks after the event, and will offer eight external CPD credits.

The virtual programme provides a unique learning experience delivered in an open, supportive, enjoyable and friendly atmosphere. **Expert chairs and cardiology opinion leaders** from across the UK and Europe will present a comprehensive and clinically relevant review of the latest evidence, which is shaping the rapidly changing landscape of cardiovascular medicine and the sub specialties. Ample opportunity will be given to pose questions to speakers and to share opinions with fellow attendees. **The case-based learning format will continue this year**, underpinning the programme's practical approach to clinically relevant topics.

Topics and learning objectives:

- Review of the most up to date guidelines and provide **practical strategies for atrial fibrillation**, interventional management and stroke prevention
- **Understand the concept of precision medicine** and its impact on managing patients with chronic angina, acute coronary syndromes, and myocardial infarction
- Examine the updated evidence-based approach to heart failure medical management and **criteria of appropriate patient selection for complex device therapy**
- Appreciate the challenges faced when treating patients with advanced cardiac failure and review available **bridging strategies prior to cardiac transplantation**
- Obtain a comprehensive account of the importance and **impact of renal disease when managing patients with cardiovascular conditions**

Course Director:
Consultant Interventional Cardiologist
International Director,
Royal College of Physicians and Surgeons of Glasgow
Honorary Professor,
University of Glasgow
Regional & National Medicine Director and Associate
Medical Director,
West of Scotland Heart & Lung Centre, Golden Jubilee
National Hospital

Monday 22 ,Wednesday 24, Monday 29 and Wednesday 31 March 2021

Evening Webinars

Times: 18:00 - 19:45 GMT/BST

Fees: Member £65
BCS Member £65
Allied Healthcare Professional / Nurse £70
Trainee £80
Non-Member £95

*Attendees of the Interactive Cardiology Conference:
Introductory Webinar can redeem £10 against their booking.*

This conference will be of interest to:

- Consultant physicians and trainees, related clinicians
- Cardiovascular clinical and academic researchers
- Board SMT and executives
- Government strategists and planners
- AHPs with an interest in cardiology

Virtual Interactive Cardiology Conference Programme

Session 1 - Monday 22 March 2021

Atrial fibrillation: what will change your practice?
Chairs: Dr David Murdoch and Professor Simon Ray

6.00pm - 6.10pm	Open and welcome	Professor Hany Eteiba , Consultant Interventional Cardiologist International Director, Royal College of Physicians and Surgeons of Glasgow Honorary Professor, University of Glasgow Regional & National Medicine Director and Associate Medical Director, West of Scotland Heart & Lung Centre, Golden Jubilee National Hospital
6.10pm - 6.30pm	Lifestyle and AF: impact of weight and alcohol on incidence and management	Dr Ashley Nisbet , Consultant Cardiologist and Electrophysiologist, Bristol Royal Infirmary
6.30pm - 6.50pm	Latest on stroke prevention in AF: from DOACs to devices	Professor Derek Connelly , Consultant Cardiologist and Electrophysiologist, Golden Jubilee National Hospital, Glasgow Royal Infirmary
6.50pm - 7.10pm	AF ablation: tailored therapy with new tools and technology	Professor G. Andre Ng , Professor of Cardiac Electrophysiology, Consultant Cardiologist and Electrophysiologist, Department of Cardiovascular Sciences University of Leicester
7.10pm - 7.35pm	Case-based learning: applying evidence to clinical practice	Dr Jackson Lau , StR, Glasgow Royal Infirmary and Golden Jubilee National Hospital

Session 2 - Wednesday 24 March 2021

Management of heart failure: overcoming the challenges
Chairs: Professor Frank Dunn and Dr Stuart Hood

6.00pm - 6.10pm	Open and welcome	Professor Hany Eteiba , Consultant Interventional Cardiologist International Director, Royal College of Physicians and Surgeons of Glasgow Honorary Professor, University of Glasgow Regional & National Medicine Director and Associate Medical Director, West of Scotland Heart & Lung Centre, Golden Jubilee National Hospital
6.10pm - 6.30pm	Tailored pharmacotherapy therapy	Professor Mark Petrie , Professor of Cardiology, University of Glasgow, Consultant Cardiologist, Glasgow Royal Infirmary and Golden Jubilee National Hospital
6.30pm - 6.50pm	Complex device therapy: patient selection should not be complicated	Professor Roy S Gardner , Consultant Cardiologist, Scottish National Advanced Heart Failure Service, Golden Jubilee National Hospital, Chair Elect: British Society for Heart Failure (BSH)
6.50pm - 7.10pm	Kidney disease: impact on heart failure management	Professor Paddy Mark , Professor of Nephrology/Honorary Consultant Nephrologist, University of Glasgow and Queen Elizabeth University Hospital
7.10pm - 7.35pm	Case-based learning: applying evidence to clinical practice	Dr David Corcoran , Consultant Cardiologist, Queen Elizabeth University Hospital

Session 3 - Monday 29 March 2021

Catheter based treatment in cardiovascular medicine: expanding horizons
Chairs: Professor Hany Eteiba and Dr David Northridge

6.00pm - 6.10pm	Open and welcome	Professor Hany Eteiba , Consultant Interventional Cardiologist International Director, Royal College of Physicians and Surgeons of Glasgow Honorary Professor, University of Glasgow Regional & National Medicine Director and Associate Medical Director, West of Scotland Heart & Lung Centre, Golden Jubilee National Hospital
6.10pm - 6.30pm	Structural HD: current status and future directions	Dr Stuart Watkins , Consultant Cardiologist, Golden Jubilee National Hospital
6.30pm - 6.50pm	Adult congenital HD intervention: A fast growing domain	Dr Niki Walker , Consultant Cardiologist, Golden Jubilee National Hospital
6.50pm - 7.10pm	Mechanical thrombectomy for acute stroke: an unmet need	Professor Iris Grunwald , Chair for Neuroradiology, University of Dundee
7.10pm - 7.35pm	Wellbeing in the face of adversity: the real story of integrated care management and human factors	Dr Paul Rocchiccioli , Consultant Cardiologist, Golden Jubilee National Hospital

Session 4 - Wednesday 31 March 2021

Precision medicine in cardiovascular disease
Chairs: Dr Iain Simpson and Professor Keith Oldroyd

6.00pm - 6.10pm	Open and welcome	Professor Hany Eteiba , Consultant Interventional Cardiologist International Director, Royal College of Physicians and Surgeons of Glasgow Honorary Professor, University of Glasgow Regional & National Medicine Director and Associate Medical Director, West of Scotland Heart & Lung Centre, Golden Jubilee National Hospital
6.10pm - 6.30pm	Precision medicine in chronic and acute coronary syndromes	Professor Colin Berry , Professor of Cardiology and Imaging Institute of Cardiovascular & Medical Sciences, University of Glasgow
6.30pm - 6.50pm	Precision medicine and machine learning in cardiovascular medicine – seeing through a glass darkly	Professor Sandosh Padmanabhan , Professor of Cardiovascular Genomics and Therapeutics, BHD Glasgow Cardiovascular Research Centre, Institute of Cardiovascular and Medical Sciences
6.50pm - 7.10pm	Value based Interventional cardiology and precision medicine?	Dr Colum Owens , Consultant Cardiologist, Royal Victoria Hospital, Belfast
7.10pm - 7.35pm	Case-based learning: applying evidence to clinical practice	Professor Novalia Sidik , Cardiology Specialist Registrar, Golden Jubilee National Hospital
7.35pm - 7.45pm	Thank you and close	Professor Simon Ray , President, British Cardiovascular Society
