

Friday 26th April 2024
1pm - 4pm

EP CASES & TRACES

This webinar is aimed at...

- Cardiology Registrars/Fellows & Cardiac Physiologists in EP training who wish to improve their knowledge in arrhythmia mechanisms, mapping techniques and ablation physics.
- Those considering sitting the EP exam in 2024/2025

You will be taken through example questions, what to expect in the exam, and investigative techniques; as well as tips for diagnosis and treatments.

FREE for BHRS Members
